FRESH FIGHT OVER MAC SWINEY'S BODY

HOLDING OF CROPS IS AUTHORIZED AT FARM CONFERENCE

RESOLUTIONS URGING MARKETING AS DEMAND REQUIRES ARE ADOPTED.
SEEK MORE CREDIT
Congress Asked to Give Power to Issue Short Term Securities.

Washington, Oct. 29.—Resolutions urging that all crops be marketed as the demand requires and that Congress conduct an investigation of interest rates charged by banks were adopted today at the farmers' conference here.

All farmers were urged to join existing cooperative marketing organizations or organize new ones and Congress was asked to give the federal farm loan board authority to issue and sell in the open market short term securities based on warehouse receipts issued under the federal warehouse law.

Means Holding Movement.
Delegates interpreted the resolution for marketing as the demand requires, as authorizing a holding movement of cotton, wheat and other great farm staples.

The resolutions as adopted were recommended by the policy committee. Benjamin C. Murfin, secretary of the Farmers' National Council, refused to sign the committee report, submitting a minority one requesting "the representatives of organized labor who have expressed sympathy with farmers' need to secure short time credit so they may secure at least a fair price for their crops that they may go with us to the president to ask for immediate credit relief and to lay this matter before the cabinet."

Favors Federal Operation.
He also wanted the conference to go on record to work for the restoration of the railroads to government operation.

The representative of the national grange on the committee also announced that he did not sign the majority report, which was adopted with little opposition.

Charles S. Bassett, president of the National Farmers Union, urged that cotton and wheat be held.

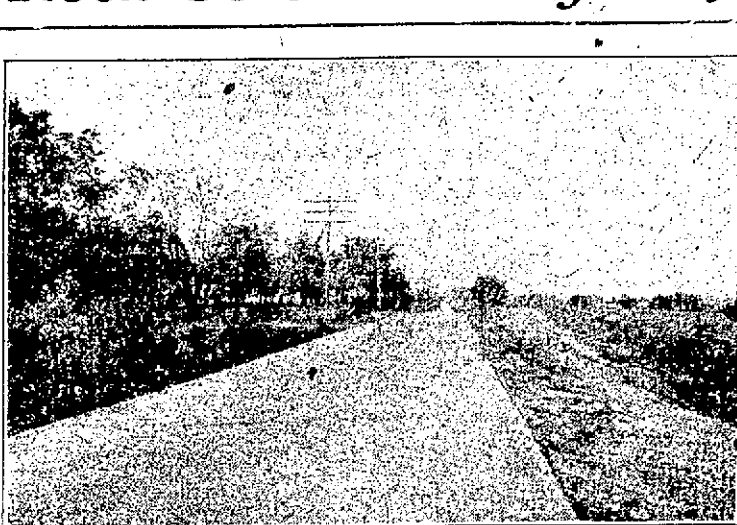

Other recommendations of the policy committee included: rehabilitation of the government farm corporation; in re-opening foreign markets and developing new ones and where necessary, financing them; that a public relations committee be organized to coordinate the efforts of various farmers' committees now working on the question of marketing crops.

The last of the resolutions would be instructed under the resolutions to consider the organization of a national agricultural union, to be composed of all the farmers' cooperative organizations. The directorate would be chosen from all the important farm organizations of the country.

East of Mississippi Nation Is for Harding Is Lawrence Report
By DAVID LAWRENCE.
(Copyright 1920, The Daily Gazette.)
(This is the first of a series of three articles forecasting the trend of next Tuesday's electoral vote for president and the situation in three-fourths of the states of the union visited by the writer during the last two months.)

The coalition of the west and south which gave Woodrow Wilson his victory in 1916 was a new combination of electoral votes. Previously the eastern states—New York, New Jersey, Indiana, Ohio, and Illinois—together with New England—were sufficient to elect a president on election night that the race was over.

Rock Co.'s New Highway

This is a typical stretch of Rock County's first concrete highway opened today with appropriate ceremonies. It will eventually provide a direct route to Rockford connecting with other roads in Illinois and will in the near future give through concrete avenues to Madison, Milwaukee and many other points in and out of the state. It follows the Rock river for the greater part of its 14 miles and tips extremely rich farming territory.

U. S. ORDERS QUIZ 13 INDICTMENTS IN OF BUILDING TRUST BALL PROBE OUT

Pulmer Appoints Agent to Co-operate in New York Investigation.

Washington, Oct. 29.—Appointment of Joseph Kaufman as special assistant to the district attorney at New York to conduct a technical investigation into the alleged combination in the building materials market in that city, was announced today by Attorney General Palmer. This is the federal government's first step toward prosecution of alleged violation of anti-trust laws among building material dealers.

FISHING SCHOONERS TUNE UP FOR RACE
Halifax, N. S., Oct. 29.—The schooner Delawanna, Nova Scotia's fastest, is being raced today by the American fishing fleet, the Canadian ship of the Atlantic, pumped into port here today, arriving at the mouth of the harbor after a 42-hour run from Lunenburg, 40 miles away.

Esperanto, hope of the Gloucester fleet, is being raced today by the Delawanna, tomorrow, was outside today, beating, reaching and running in trials of sails and crew under command of Captain Marty Welch.

Wages at Carolina Cotton Mill Reduced
Chester, S. C., Oct. 29.—Announcement has been made today that a 20 percent reduction in wages would be made at the big Dairden Cotton mill here, effective next Monday.

which has been examined in person by the writer in the last 30 days, several factors stand out as extraordinary.

First, the heavy registration of women has made it doubtful whether in some states everybody will have a chance to vote in the limited period that the polls are open. On account of the congestion at the polls, especially in states where no provision has been made to handle the crowds, many votes will be cast at night.

Negro Vote.
Second, the negro vote in northern states is better organized than it ever has been. In some of the border states feeling is not altogether pleasant over the way the negroes have been mobilized by the republicans, and it is not altogether certain whether in cases where the democrats control the election machinery there will be time enough for the negroes to vote, though in certain cities where the republicans have control just the reverse is apt to be the case and many whites may not be able to vote.

(Continued on page 8)

41 Want Stoves

"I want you to know of the results secured through the use of a small ad for one right in the classified section of the Gazette," said John Zastupnik, 410 South Ringold street today. "I placed an ad in the paper for an oak heater and a hard coal heater to be delivered to my home. After the first insertion, selling both articles," he added.

Mr. Zastupnik states he sold both stoves before you can say "one, two, three." He was disappointed. "Did you want a stove, but were too late to purchase it? If you were, why not try a 'Want to Buy' ad in the Gazette?" Of the 40,000 Gazette readers there are undoubtedly a great many who have stoves for sale. Remember that 41 persons seeking stoves answered Mr. Zastupnik's ad only to find that the stoves had been sold.

If you have a stove or anything else you wish to dispose of at a profit call 77 either phone and have the "Want Ad" girl write your ad.

300 AT CEREMONIES MARKING OPENING OF NEW HIGHWAY

DEDICATION SYMBOLIZES LINKING OF JANESVILLE AND BELOIT.

Cost per mile—\$25,636.
Width of road—18 feet.
Thickness—Edge 7 in.; Center 8 in.

BULLETIN 3 P. M.
That the new Beloit-Janesville highway should be kept open to traffic this winter by a system of snow removal was the recommendation of A. B. Hirst, state highway engineer, made following the luncheon in Beloit this afternoon. The chairman of the highway commission, Judge Charles A. McDonald, said that the two cities should bear the expense, he said, rather than the whole country.

He recommended that the citizens get together with the highway commission and county board to make plans for snow removal. It is a matter of prevention rather than removal, he declared, in recommending the highway commission to make snow removal a part of its regular work. "If Mr. Moore, Hirst, county engineer, is efficient and honest," he said, "if he has made any mistakes they have been honest mistakes. One public should cooperate and work with officials rather than 'knock' them."

Janesville shook hands with Beloit today in the formal opening and dedication of Rock county's first completed highway. A crowd of 300 people in 50 autos to attend the ceremonies held at the Welsh farm, midway between the two cities. The highway was dedicated to the public and the program was carried out to the letter.

Speeches of rejoicing over the completion of the 13-mile stretch of concrete were given by the mayors of the two cities and Charles E. Moore, county highway engineer, who acted as master of ceremonies. A piece by the Dower City band opened the program. Following the address by the state highway engineer, A. B. Hirst, state highway engineer, formally opened the highway to traffic.

JAPS ASK APOLOGY FOR CHINESE ATTACK
Peking, Oct. 29.—Acting on the basis of the report of a joint commission of investigation into the alleged participation of Chinese gunboats in the massacre of Japanese at Nikolaijevsk, Asiatic Russia, last spring, Japan has demanded that China express regret, Japan demanded that the Chinese naval commander apologize to the Japanese commander at Nikolaijevsk, that the Chinese government punish the commander and that reparations be paid to the families of alleged victims of the Chinese guns.

French Give British View of Confiscation
Paris, Oct. 29.—French diplomatic representatives in London have been instructed by the government to lay before the British government the French point of view concerning the German right of confiscation of German property in the United Kingdom, according to newspaper here.

Gillen Declines to Serve On U. S. Shipping Board
Washington, Oct. 29.—Marvin J. Gillen, Wisconsin, has declined to serve on the new shipping board. Mr. Gillen is the third of four nominees for the board to decline appointment. The others are Theodore Marburg, Baltimore; and Edwin M. Smith, San Francisco. The only one of 7 known to have accepted appointment is Joseph N. Teal, Portland, Ore.

Inquiry Into Conditions in Ireland to Start Soon
[BY ASSOCIATED PRESS.]
Washington, Oct. 29.—Inquiry into conditions in Ireland by the committee of one hundred on Ireland is expected to begin within two weeks. It was stated today after a preliminary meeting of the committee's commission of 5, appointed to conduct the proposed investigation.

Italy to Send Relief as Ambassador to U. S.
[BY ASSOCIATED PRESS.]
Rome, Oct. 29.—The appointment of Senator Roland Ricci as Italian ambassador to the United States in succession to Baron Camillo Romano Avezana, the present ambassador, recently reported as contemplating, is considered as virtually certain.

Yeggs Make Bank Patrons Lie on Floor, Take Coin
Detroit, Mich., Oct. 29.—Five men entered the Hastings Street branch of the Commonwealth Federal Savings bank here today, compelled bank employees and patrons to lie face downward on the floor, obtained currency estimated at \$10,000, and escaped in an automobile.

52 Years Out of 70 in Prison
"Tom Collins," whose right name was William Collins, a boy born in Plattville, now a resident of Janesville, spent 52 years in ten penitentiaries and prisons. He told of this life of horror in his story which the Gazette has secured and will print tomorrow.

There is nothing very pleasant in living locked up in a stone cage for 52 years out of 72. In all of his 72 years William Collins has breathed the free air but 20 years.

Read about it in the Gazette tomorrow.

Wanderer Awaits Fate

Mr. and Mrs. Carl Wanderer.

Chicago, Oct. 29.—The fate of Carl Wanderer, ex-army lieutenant who is charged with having slain his girl-wife, her unborn babe, and a "ragged stranger" whom he is alleged to have hired to stab a fellow inmate, is in the hands of the jury. The hearing went out at 6:30 o'clock Thursday evening after a dramatic and stirring conclusion to what Attorney Benedict J. Short terms "the most remarkable case in the history of Chicago."

Wanderer is alleged to have confessed after the tragedy which occurred last June, that he killed his wife because he was tired of civilian life and wanted to get back in the army.

The defendant, who is 25 years of age, has stated during the trial what psychologists term a "most remarkable exhibition of self-control." Not once during the hearing has Carl Wanderer displayed any emotion.

Reports from the jury room today indicated that 11 jurors stood for conviction of Carl Wanderer, charged with the murder of his wife and a "ragged stranger" who he held for the plot, insanity offered by the counsel for the defense.

There were no indications how soon a verdict might be reached.

Prince Paul Proclaimed Greek King

Athens, Oct. 29.—Prince Paul, younger brother of the late King Alexander, was proclaimed king by the Greek parliament this evening. The king had been proclaimed Constantine, left Greece. Prince Paul has been with him in Switzerland.

Criticism of the government's policy in making Prince Paul's accession to the throne conditional was answered in the parliament by Premier Krikelis with the declaration that it was intended that if Prince Paul was made king he should not be a proxy for ex-king Constantine.

Nothing has been announced regarding any replies Prince Paul or former king Constantine may have sent to the government communications during the declaration that Prince Paul's accession depended upon the royal renunciation by Constantine and his eldest son, Prince George, of all claims to the throne.

Wilson Expresses Confidence in Cox

Washington, Oct. 29.—President Wilson today wrote Governor Cox expressing his confidence in the democratic presidential nominee. The president expressed the hope that Governor Cox's leadership "we may carry the policy of the national government forward along the path of liberal legislation and humane reform, until the whole world again sees an illustration of the wholesome strength of democracy and the happy fruit of what the founders of the republic purposed when they set this great government up."

The president said he had followed Gov. Cox's course throughout the campaign with "admiration" and expressed the belief that the government will receive the "entire endorsement" of the voters of the country.

Canadian Police Horses Are Destroyed in Fire
Brandon, Manitoba, Oct. 29.—Forty-two horses belonging to the Royal Canadian mounted police were killed in a fire which started in the stable here today with a loss estimated at \$250,000. Efforts of the firefighters have been directed toward saving the new fair buildings and nearby residences.

Cuban's Right to Freely Cast Vote Is Enforced
Havana, Oct. 29.—The rights of all citizens to freely cast their votes in the election November 2 will be strictly and impartially enforced, said a statement from the president today. The president brands as "unworthy and unappreciative" those who fail to exercise the right of suffrage.

Wilson Represented at Services for Late King
Washington, Oct. 29.—Under Secretary of State Davis went to Baltimore today to personally represent President Wilson at services for the late King Alexander of Greece which were held in the Greek church at Baltimore.

Palmer's Men on Guard Against Fraud in Election
Washington, Oct. 29.—Attorney General Palmer today instructed all federal law enforcing authorities to be alert for violations of election laws and especially to violations of the corrupt practices act. In the coming election, he said, "it is no leniency must be shown violators of the federal election laws."

Family Forced To Let Casket Be Sent to Cork

Relatives of Lord Mayor Do Not Accompany Funeral Party—Ordered to Take Steamer Rathmore; They Proceed to Dublin.

Holy Head, Wales, Oct. 29.—When day broke this morning over the Irish sea, the steamer Rathmore, bearing the body of the late Terence Mac Swiney, Lord Mayor of Cork, who died Monday in Brixton prison, London, was steaming southward off the Welsh head lands on its way to that city. At the same hour, the relatives of Mac Swiney, who refused to board the special steamer provided to take them and the Lord Mayor's body to Cork, were on their way to Dublin, almost directly across the narrow strait which divides Albion from Erin.

Shipment of Mac Swiney's body direct to Cork was preceded by a violent scene in which blows were struck and members of the Lord Mayor's family were dragged from their railway coach at the Holy Head railway station. They refused to consent to the government's plan to take the body to Cork instead of Dublin, and it was only after they had been placed under virtual temporary arrest that the body was taken from the train and hauled to the dock where the Rathmore was waiting.

Coffin Landed at Cork Amid Protests

Queenstown, Ireland, Oct. 29.—The body of Terence Mac Swiney, was landed here today from the steamer Rathmore. It was received by the city's inhabitants and thousands of the city's inhabitants. A number of armed troops were present.

Business was completely suspended and the British government's action in diverting the body instead of allowing it to proceed to Cork by way of Dublin.

Local civil and church authorities declined to accept the coffin, and the railroad men refused to transport the body to Cork with military escort. The admiralty requisitioned a tug upon which the body was taken to Cork.

MASS IS CELEBRATED IN DUBLIN CATHEDRAL
Dublin, Oct. 29.—Over a bare altar, a mass was celebrated in the cathedral here today, the venerable Archbishop Walsh celebrated a low mass for the soul of the late Lord Mayor of Cork.

Relatives and other mourners, who refused to accompany the body after it was removed from the funeral train to the steamer by the police at Holy Head, Wales, last night, did not go to Cork this afternoon. Dublin and all of southern Ireland were in mourning today, with the hotels and the hotels not serving meals. Many shops had steel fronts against the possibility of trouble.

The procession formed at the cathedral, and headed by an empty hearse, wended its way along the streets, with the Sinn Féin colors attached.

COX HEARER PREDICTS GAME OF PINOCLE

Youngstown, Ohio, Oct. 29.—Brief reference was made here today by Governor Cox to the election of Sen. Young, his republican opponent, at Akron yesterday.

"The senator said he wanted a republican for president, and he said the democratic nominee, during two addresses here."

"He is making a purely partisan campaign," Governor Cox declared. "If there was a democratic candidate against the league, I'd not only vote against him, but I'd make speeches against him."

"The league of nations was the theme of Gov. Cox in both addresses here."

"Many questions were asked the governor and all went smoothly until a man interjected: 'Do you know, Governor, that after November 1 you will be playing pinocle in Dayton?'"

"You know, there's some people who never do learn manners," said the candidate.

Early Morning Yeggs Get \$60,000 in Diamonds

St. Paul, Minn., Oct. 29.—Three unskilled men held up a St. Paul jewelry store here this morning and escaped with diamonds said to be worth \$60,000. The jewelry store had been open only a few moments before the robbery, by J. C. Deeny, an employee, entered the store with drawn pistols, took two diamond tiaras from the display case and drove away through a crowded traffic.

Palmer's Men on Guard Against Fraud in Election
Washington, Oct. 29.—Attorney General Palmer today instructed all federal law enforcing authorities to be alert for violations of election laws and especially to violations of the corrupt practices act. In the coming election, he said, "it is no leniency must be shown violators of the federal election laws."

W.C.T.U. MAY MOVE WILLARD SCHOOL

Discuss Possibility of Locating It In City—Committee Named.

Plans relating to the Frances Willard school house were discussed at a meeting of the county board of the W.C.T.U. held yesterday afternoon at the Presbyterian church. Worthwhile it would be the better way to buy a site in Janesville and move the school house in where it would be more centrally located or to leave it in the present site, was discussed, and the matter was finally left to a committee for further consideration.

The local union also voted to give publicity to the Mulberger bill on election day, by having pink banners pulled, leading people to vote "yes" on the bill.

Besides the local members of the W.C.T.U. from outside the city: Mrs. Dickinson, president of the organization; Mrs. Made; Mrs. J. J. Baker and Mrs. J. O. Myers of Evansville; Mrs. R. Rice, Milton; Mrs. C. J. Baker, Clinton; Mrs. M. D. Boyd, Janesville; and Mrs. A. J. Bickel, Deloit.

Johnson was served at the church at noon.

St. Mary's Church rummage sale at Sheldon's Tin Shop, 26 N. N. Bluff St. Thursday, Friday and Saturday.

The Army and Navy club in New York City is including in its membership all officers, ex-officers and all enlisted men in the Allied armies during the war, numbering approximately 200,000.

Mary Harris Anson, L. L. D. of Georgia, will give her famous lecture, "The World Wide Struggle," Wednesday evening at the high school auditorium, Edgerton, under the auspices of the Women's Christian Temperance union. Mrs. Anson is a forceful and able speaker of magnetic power. She is now recognized as one of America's greatest women.

MOURNERS FIGHT AS MAG SWINEY BODY IS SENT TO CORK

(I asked you to pay me, didn't I?)

slaters of the dead hunger striker, cried defiantly:

"You have murdered our brother, and you are not going to arrest his body."

Mourners Ordered Out.
The mourners refused to allow the police to touch the coffin and a police officer ordered the former to leave the car. They declined, and constables, who had been called, forcibly dragged some of the men from the car. They struck at the police, who drew their truncheons while women in the party shrieked.

"Body snatches; shame!"
Body Put on Ship.

They also fought the police, who were ejecting them. The Misses Mac Swiney claimed that during the melee the police knocked them down. The mourners were then herded to one side, the box was placed on a truck, and was wheeled to the steamer. It was picked up by a crane and silhouetted against the midnight sky for a moment.

It was swung over the steamer's side and then lowered into the hold. Members of the funeral party waited until the Rimmers had left her deck and then went to the pier from which depart steamers bound for Kingstown.

"Spirits" Make Table Jump.

May Wynter will continue her amazing revelations of a spirit medium in the Saturday Gazette. May indicates that the table will do things for her for which she is unable to account and wonders if the spirits are really at work.

The Gazette will be mightily interested Saturday. It always has some important and sterling feature but this week readers may take a look into the life of a man now in Janesville who has spent 22 of his 23 years of his life in state prisons. The inside of the walls of ten of them have provided him residence, 110 in each case sent up after a crime, generally for burglary, which all the underworld knows. One of the jobs he did was here in Janesville. The story of William Collins, alias Tom Collins, alias several other names will be in the Gazette Saturday. Perhaps you may have seen Collins about the city.

Lewis to England To Meet Johnny Basham

New York, Oct. 28.—(Kid) Lewis, the British boxer, who formerly held the world's welterweight championship title, was a passenger on the Maudslayi, sailing today for England. He is to meet Johnny Basham at London on November 19. Afterward, Lewis plans to return to his country and seek a match with Jack Britton for the welterweight championship.

ACCIDENTS COST 2,875,838 DAYS OF WORK DURING YEAR

Madison—There were 2,875,838 days of work lost in Wisconsin last year as a result of 14,995 industrial accidents brought before the compensation board, according to figures just compiled by the industrial commission. The 262 deaths accounted for loss of 1,356,000 days, the figures show.

Indemnity paid as a result of these accidents amounted to \$1,670,423, while medical aid cost \$492,981. Accidents in which employees are affected continue at a high rate, the commission announced, although Wisconsin ranks as a leader among the states in the relatively low number of injuries. The number of accidents this year, a marked falling off from the previous year when nearly 20,000 were hurt.

Machinery gave cause for most of the cases that came before the commission, the figures show. Twenty-nine deaths and 3,132 injuries were brought about by some kind of machine. Metal working stood as the leading cause for 1,236 injuries and six deaths. Woodworking was second with 1,226 injuries and six deaths; while hoisting machinery caused only 453 injuries but brought a total of 29 deaths.

An airplane caused one death that was considered by the commission. Falls of persons caused 1,894 injuries and 38 deaths, and of these, 635 injuries and one death were due to

slipping. Stepping on nails brought about 112 injuries.
Automobiles and motorcycles were involved in 325 industrial accidents and 1190 deaths. Cranking of trucks caused 168 of these injuries, and overturning caused 11 injuries and three deaths.

The commission carefully tabulated each accident in detail, considering causes of injury, extent of injury, part of body affected, compensation days of work lost, and a number of minor points.

**Boyle Is Named
Cornell Crew Coach**

Ithaca, N. Y., Oct. 28.—Appointment of John Boyle as head coach of the Cornell crews to succeed the late Charles E. Courtney, whom he assisted for 21 years, was announced by the Cornell athletic council.

EAST LOOKS LIKE HARDING VICTORY

(Continued from page 1.)
 get a chance to vote. The race question prominently enters into the calculation of certain important states. The Woman Vote.
 Third, the true effect of the enfranchisement of women throughout the country is the most uncertain quantity in the whole situation. Politicians profess to know how the women will vote, but they don't. No woman will vote in all the states that political leaders in all the states that the writer visited was able to pro-

duce a canvass of the feminine vote which could be considered complete. Women and League.
 Third and again the canvass of the feminine vote has been accomplished with such accuracy in and out of the election that the result has varied but little from the official result. Most editors and political leaders agree, however, that the women will merely double the reputation of democratic vote or increase it by at least 50 per cent. As the men and votes, so votes the women. That's the theory. Westerners, who have had more experience with

women suffrage for many years, uphold that view; yet in Indiana, Kentucky, West Virginia, and even Ohio it has been admitted by politicians that perhaps the league of nations has made more women voters independent of party lines than at first expected. In West Virginia, Indiana, Ohio, New York, and New Jersey there has been a noticeable revival in the league of nations—a wider reading of the covenant than was possible on a question that has so often been dismissed by the professional politicians as "dead" or

with the statement that the "people are sick and tired of the thing." Wilsonism.
 Fourth, another remarkable thing is that while the street talk and club talk and smoking car gossip, and newspaper talk has constituted an apparent wave of anti-Wilsonism, the actual mention of the name of Woodrow Wilson in meetings held by the democrats has not been met with silence or a few scattered hand-claps but by spontaneous outbursts of applause. The democrats themselves have been pleasantly surprised by the demonstrations and don't know

whether to interpret it as a feeling of sympathy for the man who has broken down in health in his endeavor to serve the people as he thought best or whether to regard it as an indication of democratic strength at the polls.
 Shut Down and the Vote.
 Fifth, the economic situation has had so many puzzling developments in the last three or four weeks, prices have dropped so materially and unemployment has come so suddenly in many cities, that in more than one case are suspicious expressed that the shut-down has something to do with the off-hand conspiracy of the league of nations. On the other hand, the price of wheat and the general decline of livestock prices has stirred up the tariff issue and stirred friends for the republican tariff program. The reader himself has probably noticed that Senator Harding has been deeply been told this sentiment, for he has devoted two or three statements to it lately.

Root and Taft.
 Moreover, the rising tide of interest in the league of nations has been met by the republicans in the last two weeks by campaign speeches from such friends of the league as Herbert Hoover, William Howard Taft and Elihu Root. The attack has been made against Article ten, in the court, at least, no body including Senator Harding has sent messages in the last few days to Senators Johnson or Borah telling them the republicans were interpreting the restlessness displayed by William Howard Taft and Elihu Root, who call on Gov. Co. to repudiate the league and at the same time criticize Harding "for wiggling and wobbling," is another indication of unrest in the camp of the "irreconcilables" and others who favor the rejection of the treaty and any league of nations.

Landing at Des Moines.
 With a growing sentiment in favor of the principle of a league of nations there is no question that Senator Harding's speech at Des Moines, saying that he didn't want to clarify obligations but that he was seeking a "rejection," has been construed as a "rejection" of the whole league and not article 10 alone, as his friends insist was his meaning.

However, east of the Mississippi river it is the judgment of this correspondent that even the changing of votes at the eleventh hour to Cox from Harding will not enable the democrats to carry New York, New Jersey, Illinois, or Ohio, though they have admittedly made progress every day since the Des Moines speech and are daily acquiring the votes of large

numbers of women. President Wilson saw the issue of this campaign in the final round. He knew that before anyone else in his party and his judgment has been vindicated in the sense that with it the democrats have been able to make more progress than with anything else. The big question is whether the democrats have been able to cover up mistakes on domestic administration by

use of the league issue. In the final round, however, it is the country going to vote on questions of foreign policy to the exclusion of domestic trouble or irritations and restrictions growing out of the war and the reconstruction period? The only place for such independence to be displayed—if it appears at all—is in the use of the league issue.

the west which showed itself able to 1916 to part company with the republican east. Can the west and south win for Cox, or is there any other combination, partially in the east and partially in the west which would carry him to victory? These questions will be answered with an electoral table in tomorrow's article.

PAID ADVERTISEMENTS.

Authorized and paid for by the Democratic State Central Committee, 244 Plankinton Arcade, Milwaukee. The sum of \$29.95 has been paid to Janesville Gazette.

THE LEAGUE OF NATIONS**1.--Those Who Oppose It and Why**

(a) Senator Henry Cabot Lodge of Massachusetts, is against the League of Nations. The copper mines of the United States are almost entirely owned in Boston, Mass. Copper is necessary in making rifles and artillery shells, field signal equipment, cannon, battleships, submarines, etc. Massachusetts is the richest money state in the union for its size and population. Massachusetts lives off the dividends of its stocks, largely invested in manufacturing that make war necessities.

Do you think Lodge's supporters are in favor of a League that would stop all wars?

(b) Senator E. W. Johnson of California, is against the League of Nations. A League of Nations, with the United States in it, would prevent Johnson's plan of building a "Great Wall" over Japan, and force Japan into his way of handling the Japanese question in California. If Johnson cannot handle this Japanese question his way, he wants to be in position to declare war on Japan.

What effect do you think the League of Nations would have on Johnson's plans?

(c) Senator B. Penrose of Pennsylvania, is against the League of Nations. The United States Steel Corporation, the Bethlehem Steel Company and the Cramp Ship Building Company are in Pennsylvania. The

League of Nations with the United States in it, would prevent the sale of steel and ships for war purposes. All war munitions are under the control of the Government in the League.

Do you think Penrose would favor a League of Nations that would stop wars?

(d) Senator Wm. E. Borah of Idaho, is against the League of Nations. The big industry of Idaho is copper, silver and lead mining. The mines are owned in Boston and New York. There is bigger money in copper, silver and lead than in the peaceful arts. Do you think Borah is against the League of Nations in Idaho?

Do you think he would be in favor of a League of Nations that would prevent wars?

(e) Senator Coleman T. Du Pont of Delaware, is against the League of Nations. Because it would take the manufacture of war munitions out of private corporation hands, and put it in Government ownership. With the exception of Rockefeller, he is the richest man in the United States, and he made his fortune out of war.

Do you think he would be in favor of a League of Nations that would stop wars?

(f) Senator Reed Smoot of Utah is against the League of Nations. The greatest potash deposits in the United States are in Utah. He is a big potash producer.

Do you think he would be in favor of a League of Nations that would prevent wars?

2---Republicans Who Favor the League of Nations

(a) Ex-President William E. Taft. He helped the American Peace representatives at Paris by cable suggestions, to formulate the League of Nations. Taft is honestly in favor of permanent peace, and he is not looking for votes.

(b) Ex-Senator Elihu Root, of New York. "The brains of the Republican party" is in favor of the League of Nations. He represented the United States in creating the legal machinery, provided in the League of Nations, required for arbitrations and considerations.

(c) Ex-Justice Hughes, Ex-Attorney General Wickersham and Hon. Herbert Parsons, all of New York. (Former Republican National Committee) all favor the League of Nations.

(d) Among the Progressive Republicans, Harold L. Ickes of Illinois, Melvin L. Hall of Louisiana, Francis J. Henry of California, Judge Ben H. Lindsey of Colorado, and Hon. M. McKim of Louisiana, are in favor of the League of Nations.

A Vote for Cox, Roosevelt and Reinsh is a Vote for the League of Nations

Hints for Hallowe'en Spook Parties

Suggestions for decorations and place cards for a Hallowe'en party.

Hallowe'en, that magic time which brings to life such things as spooks, ghosts, owls, along with big, black, bushy beards, together with sheets and pillow slips, the proper raiment for this occasion, is again approaching. One reason why Hallowe'en is such a popular event is because it permits of such variety in decoration and entertainment. Masquerade parties are always good fun and ghost parties and witch parties are always in order. Quaint little invitations may be written in verse and sent on a white owl, screechy cat or goblin pumpkin. Many of the decorations and place cards may be made instead of bought. Black and orange paper, sheets and water in a jar is needed for the making of all kinds of appropriate trimmings. Pictured here are a few suggestions for place cards and decorations for the table.

Appropriate games aside from the usual ducking for apples and telling fortunes may be found in the library. There are several good books on parlor tricks and sight-of-hand games which will give suggestions for the family ghosts to use in entertaining little folk or even grown-ups.

Here is a good supper menu for the more pretentious party. For the ordinary "kiddies' party," however, cider, doughnuts, apples, candy and nuts, or perhaps sandwiches, coffee and doughnuts would be plenty.

Hallowe'en Supper Menu.
 Clam Bisque, Potato Cream.
 Roasted Triangles.
 Chicken Timbales with Spaghetti.
 Baked Potatoes on Half Shell.
 Pumpkin Cheese Salad.
 Olives.
 Striped Bread and Butter.
 Hallowe'en Sundae with Maple Sauce and Chopped Nuts.
 Fortune Cake.
 Rose Cream Mints.
 Salted Peanuts.
 Table Decorations.
 Witches Brew.

In the center of the table have a large pumpkin pie which has been

BONUS STUDENTS AT U. W. DECREASED

Madison.—Nearly 200 fewer students at the University of Wisconsin this year are receiving the state bonus for ex-service men, than benefited during the last term. G. A. Chandler, in charge of bonus student registration announced after his compilation had been practically completed. The state will be paying slightly more than 1,200 students \$30 monthly, he said, compared to the 1,400 in the 1919 term.

The incoming class of Freshmen, most of whom did not see war service, are responsible for the lower number. As a result of grade reductions the bonus plan will have practically passed out of existence at the end of four years, Mr. Chandler said.

First payments will be made November 15. It has been impossible to classify the students in time for earlier disbursement. It was said. Each applicant must be passed on individually and his students checked up to show that he has complied with provisions of the bonus law.

Approximately half of the students are to be paid by check at the university bursar's office, while the entire checks for the others directly to banks with which they deal.

The man who says all men are thieves will hear watching.

The true measure of kindness is the certainty of its continuance.

CRITERION QUARTET HERE NEXT WEEK

Few quartets in this country have gained such notable comment from critics in music as the Criterion quartet of New York city, which will appear here Wednesday evening, Nov. 3, under the auspices of the American legion. This quartet has appeared on programs with the late Mme. Nordes, David Bispham, Mme. Schumann-Heink, the U. S. Marine band, and other notable musical attractions. At Ocean Beach during an engagement of 10 weeks they sang before 250,000 people.

John Young, tenor, has been soloist of the Reformed church of Harlem, New York city, for the past 15 years.

Frank Mellon, tenor, is soloist at the First Presbyterian church, New York city, and also at Temple Beth-El in the same city.

Mr. Heardon, baritone, is an artist who has been commended for his rich, warm voice wherever he has sung. His enunciation and interpretative art are excellent.

Mr. Chalmers, basso, has a deep voice of sympathetic quality and wide range. He has successfully appeared as a soloist in conjunction with many of the great artists of the day.

BLUES TO HAVE NEW CENTER IN DELAVAN CLASH

When Janesville high school takes on Delavan high at the lake town Saturday afternoon, the team will most likely have a new center in the line, and that change may be "feeling" the Blues have been working exceedingly hard during the past week. The Blues have been working exceedingly hard during the past week. The Blues have been working exceedingly hard during the past week.

It is expected that a snappy and better organization than fought Jefferson will smash Delavan Saturday. Every effort has been made to get the players in the line in the line, and that change may be "feeling" the Blues have been working exceedingly hard during the past week. The Blues have been working exceedingly hard during the past week.

Then comes the big game of the year—Deloit. That will come on November 20 at that time the Blues are getting ready to "make a killing." At the same time the Blues are not forgetting their most deadly enemy and are steadily preparing to fight every inch of the way.

Thanksgiving Day will not go by unutilized this year. Monroe is scheduled to appear here on Turkey Day. Not only will this be the second clash between the two teams this season, but it will be in the nature of a "show-up" game. When the Blues went to Monroe on October 16, they lost to the Green county lads 20 to 0. Some dispute as to whether they should have been given three points. The locals are determined to "show-up" Monroe. The Blues have a good chance when it is remembered that Monroe was defeated by Jefferson and that Janesville is near the top of the list.

OBJECT TO SCANTY SUITS OF SWIMMERS

New York, Oct. 28.—Regulation suits for men and women participating in swimming contests under the auspices of the American Athletic Union are requested in one of the thirty-five amendments to the constitution to be voted on at the annual convention at New Orleans on November 4-15. The amendment reads: "The suits made by the American Athletic Union."

Other proposed changes provide for Army and Navy athletes to compete in A. A. U. providing their entire standing has been passed upon at the annual meeting of the A. A. U. by a service body similar to the A. A. U. and a change in the high jump rule defining a "fair jump" to "only before one or both feet over the bar before the head of the contestant."

"Red" Weston President Of University Seniors

Madison—Frank (Red) Weston, captain of the football team, has been elected president of the senior class at the university. It was announced after petitions had been filed. No other senior entered to contest his election to the post of highest honor in a university career. Weston, who hails from Mason City, Iowa, was chosen for the all-western football team last year as end. Wat-son's camp picked him for his second all-American team. He is looked for selection to the all-American team this year, university students feel.

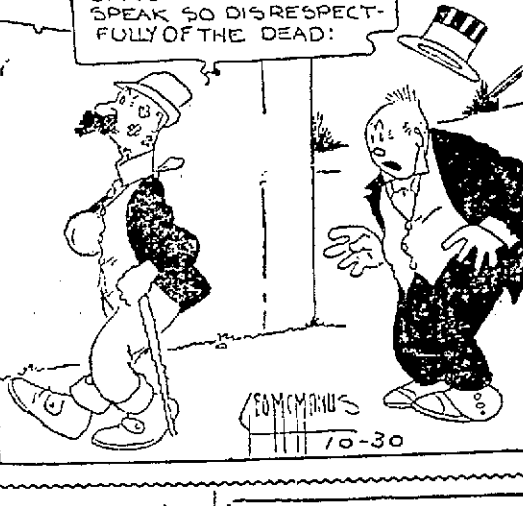

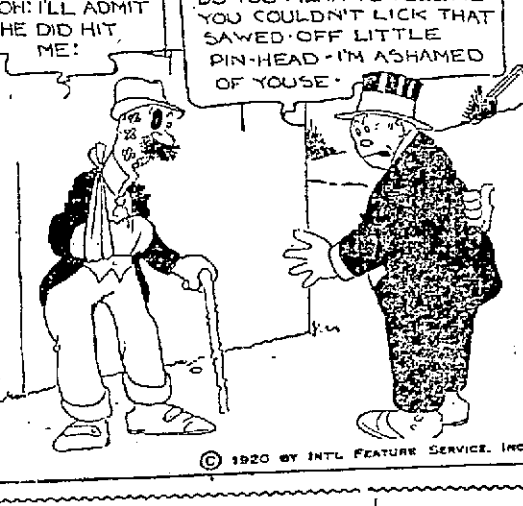

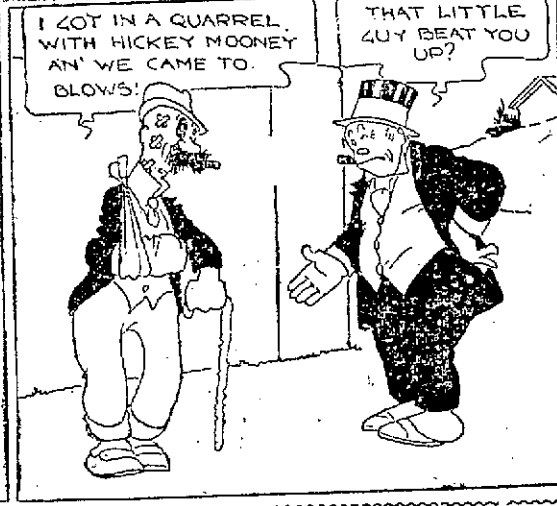

Havana Racing Purse For Season \$650,000

Havana—Racing at Oriental Park will be inaugurated Thanksgiving Day, purses totalling \$650,000 being provided for the 100 days' race meet according to a statement by Frank Hauen, general manager of the Cuban American Jockey and Auto club. A large force of workers has been engaged throughout the summer months, making improvements on the grand stand, paddock and track.

Four Eastern Colleges Form Athletic Body

New York, Oct. 28.—Cornell, Columbia, Dartmouth and the University of Pennsylvania are planning to form a collegiate association to be known as the "Big Four." A cross country will be held by these schools Nov. 6 in Van Cortlandt park, New York, and after that other four-cornered events are being scheduled.

BRINGING UP FATHER

BOXING BACK AGAIN BIG IN BAY STATE

Boston.—Boxing is on a new basis in Massachusetts. For the first time in a quarter-century professional matches open to public participation under legal sanction, and it is no longer necessary for a man who wishes to see a bout to first join a club over the meetings of which referees have been the moderators and arena have been the members who had the floor. The familiar announcement in introducing fighters that "both are members of this club" is heard no more.

The new order of things is the result of a law establishing a state boxing commission, and stipulating some of the conditions under which the sport must be conducted. These provide for ten round bouts, the conduct of three minutes each, to be conducted by clubs licensed by the commission under bonds of \$5,000. Decisions are given by a referee and two judges, licensed by the commission.

THE SPITBALL BELIEF IT WILL BE KEPT

What about the spitball? Now that the 1920 season is over, and the league is drawing larger circles, this is becoming one of the main topics, that is after the gambling game, and the big league break is thrashed out. The spitball is now relegated to a minor league. The league has decided that the spitball is a dirty trick and that it is a disgrace to the game. The league has decided that the spitball is a dirty trick and that it is a disgrace to the game.

MAY CLEAN BALL ON PUTTING GREEN

Chicago, Oct. 28.—Directors of the Western Golf association have adopted a new rule on the cleaning of golf balls on putting greens. The playing of a ball from an extraneous green, and for the lifting of a ball, was announced on Thursday by Assistant Secretary Charles W. Higgins. The directors also retained the Western association rule, but voted to adopt the new rules of the United States Golf association regardless of a lost ball, ball out of bounds, and an unplayable ball.

Harvard and Syracuse Join Basket Association

New York, Oct. 28.—Harvard and Syracuse are considering entering the intercollegiate basketball association at the next meeting of the organization in New York on Nov. 6. The league is now composed of Yale, Princeton, Columbia, Pennsylvania, Cornell and Dartmouth.

Barrow Leaves Red Sox Joins Yankee Staff

New York, Oct. 28.—Colonel Jacob Tappert, part owner of the New York American league club, announced Edward C. Barrow, who resigned as manager of the Boston Americans two days ago had signed as business manager of the Yankees.

"BAN'S FIVE" TO MEET TODAY; MAY START BALL WAR

Chicago, Oct. 28.—President Byron Bancroft Johnson of the American Football league and the five city owners who have sided with him in all league fights will hold a conference here on Friday which may decide whether or there will be a baseball war over the proposed reorganization of the national game.

Officially the conference is a meeting of the league's board of directors, but unofficially the clubs which Johnson terms the "loyal five" will be present, while the three who have opposed the league will be absent. In his administration of league affairs have not been invited.

Meeting with Johnson will be representatives of the Philadelphia Athletics, Cleveland, Detroit and St. Louis clubs. They will take up the proposal made by the eight National league and Chicago, New York and Boston American league clubs that the national commission be abolished and control of baseball be placed in the hands of a "civic tribunal" of three men financially disinterested in the game.

Baseball men point out that there are two courses which the magnates might take on Friday. One is to agree to meet with the other eleven pro-league clubs at the session called for reorganization and thus at least temporarily avert a clash. The other is to refuse to change in professional baseball management. This action, it is believed, would result in a baseball war.

SHIPS TUNING FOR "FISHERMANS" RACE

Hallfax, N. S., Oct. 28.—With the completion of the work on the Delaware and the arrival of the American schooner, the rival craft in the international fishing boat races, interest in the event has reached a high pitch. Both schooners will take away from the harbor of the city on Friday before the start of the race on Saturday.

Centre Draws 15,000 At Atlanta Contest

Atlanta, Ga., Oct. 28.—Georgia Tech athletic authorities announced today that 15,000 reserved seats had been sold for tomorrow's game here between Tech and Centay college. Extra seats have been built, but only standing room tickets were available today.

Greb Injured; Bout Postponed for a Week

Kalamazoo, Mich., Oct. 28.—The ten round bout between Harry Greb and Bartley Madden, scheduled for tonight, has been postponed until next week, owing to an injury to Greb. It was announced today.

BOSARY BEADS, Prayer Books, and other religious articles for sale at St. Joseph's Convent. Prices lower than at the stores.

FLORIDA AND BUFFALO FOR HYDRO CONTESTS

New York, Oct. 28.—The second and third hydro-airplane races for the Carl Fisher trophy will be held this winter and next summer at Miami, Fla., and Buffalo, N. Y., respectively. It was decided by the American Power Boat association, which ended its annual meeting here last night. The first race was held in Detroit last summer.

Albert L. Judson, who was re-elected president of the organization, announced that a motor boat will soon be built that will make 100 miles per hour. Within the next 6 years, he said, the speed had been developed from 51 to 76 miles.

In order to encourage racing contests among members, an additional \$5,000 gold cup has been offered by Mr. Fisher and S. G. Woodward, the latter of whom won the Harmsworth race in England last summer with his "Miss America."

JACKSON AND FITZ AT GOTHAM TONIGHT

New York, Oct. 28.—Willie Jackson and Eddie Fitzsimmons, lightweight boxers meet in a 15 round bout tonight in Madison Square Garden. Benny Leonard, lightweight champion, who has agreed to box the winner.

Before the bout, Tex Rickard, promoter, will present a diamond studded belt to Panama Joe Gans, who recently won the colored middleweight championship. He must successfully defend his title three times to make the belt his personal property.

BASEBALL TIPS

Lexington, Ky.—An eight club circuit to be known as the Old Kentucky Baseball league has been announced today. Expected members are Lexington, Louisville, Winchester, Ashland, Paducah, Owensboro, Henderson and Hopkinsville.

New York—The New York National league club Wednesday announced unconditional release of Douglas Blair, infielder, to the Indianapolis club of the American association.

Jack Dunn has several players on his Baltimore team that would bring a nice price if they were placed on the market. In Boley, Dunn has a big league shortstop. Before the 1920 season got under way it was reported that Dunn refused an offer of \$20,000 for Boley. There is no denying that Dunn has a real ball club. The Orioles won the pennant by winning their last twenty-five games. In the intercity series against St. Paul, the Orioles clearly outplayed and outbatted the Saints.

Among the latest war trophies is a submarine tank, perfected by the French. It is able to crawl along river and lake beds and suddenly appear in the midst of an enemy to open fire with powerful guns.

FORT TO CELEBRATE ARMISTICE DAY

Mammoth Program of Events Is Prepared by Legion Post.

Fort Atkinson.—The greatest event that has ever taken place in the city is predicted for Armistice day when the Paul Frank Florine post of the American Legion will conduct a mammoth celebration. The ceremonies will begin at 10:15 a.m. with a military parade and a march on a banquet and smoker. The day will be given for all ex-service men at the club rooms of the post. On the eleventh, the day will begin with a military parade at 10:15 a.m. conducted by four bands, the St. John's Military band, the Wisconsin band from Janesville, and the American Legion and Military bands of Fort Atkinson.

Features of this parade will be the participation of all patriotic societies, historical and patriotic clubs, cavalry units, Wisconsin National Guards tanks, and other features. At 11 o'clock there will be a blue rock show under the auspices of the Fort Atkinson Gun club, and at 2 p.m. a foot ball contest at the City Park between Belmont College and Whitewater Normal.

From 6 to 8 p.m. occurs the Mardi Gras carnival in which every body is asked to participate. The Dough Boys, Leather Necks, Gobs, K.P.'s, M.P.'s, Dog Robbers, and Rockies will give burlesques of army life.

At 8 p.m. two great wrestling matches are staged at the new James plant just outside the city between Harold Bahr, 125 pound professional champion of Wisconsin, and Arthur Voorhees, 125 pound amateur champion of Wisconsin, and W. S. Wickham, Walworth, Wis., vs. Young Sampson, Milwaukee. These matches are to be followed by a dance at the same place. The delegates and seating capacity for ten thousand people is assured.

Another dance will be held at the Lyric Opera house the same evening at which the famous Musch's Ragadours will furnish music. The officers and men who have the matter in charge are Commanders Fred Stover, Atty. A. L. Stengel who is general chairman of affairs, Hans Kurtz, chairman of parade.

FIGHT DECISIONS

Pittsburgh, Pa.—Harry Greb, Heavyweight of Pittsburgh, won the newspaper decision over Mickey Shannon of Newark, N. J., in their ten round bout here Thursday night.

Baltimore—Kid Williams of Baltimore won the decision over Sammy Sandow of Cincinnati in a twelve round bout here Thursday night.

Mrs. James A. Sheridan, Milwaukee, has been making a series of addresses throughout Jefferson county on the league of nations. Mrs. Sheridan is the widow of the late James Sheridan, a prominent attorney of Milwaukee. She claims Jefferson county as her birthplace. Mr. Sheridan was also a native of the county. She spoke here and at Lake Mills and Jefferson.

Convention Report Is Given. The October meeting of the Service Star Legion was largely taken up in listening to the reports of the state convention at Oshkosh. The delegates were Mrs. Frank Hoard and Mrs. Warner Cornish. Miss Lucia Perry urged greater cooperation on the part of the society with the Red Cross in obtaining adequate compensation for sick and disabled soldiers. Plans for armistice day were discussed and it was voted to donate a float for the parade also to sell poppies and to serve a supper in the armory in the evening of that day.

Spanish War Vet Dies. The body of Private Ernest Carnes was brought here for burial Wednesday, Oct. 28. He died at Fort Leavenworth where he was stationed. He had been in the regiment since ever since the Spanish war in which he enlisted. He served six years in the Philippines. His sister, Mrs. George Kallands, and interment was in Evergreen cemetery. The Spanish war veterans of this city and Mrs. Nellie Burrows, Hebron. He also leaves his aged mother and the following brothers and sisters: Mrs. George Kallands, Mrs. Jay Nichols, Mrs. James Kents and Frank Carnes all of Fort Atkinson.

Evening School to Open. Fort Atkinson will again have evening schools. Last season 258 persons attended and a larger attendance is expected this year.

MILWAUKEE MILK PRICE DROPS AGAIN

Milwaukee, Oct. 29.—Another drop of one cent in the price of milk, bringing the Milwaukee retail price to 11 cents a quart, effective on Nov. 1, was announced Thursday.

Existing conditions warrant the reduction, it was stated by an official of the Griddle Dairy company, who made the announcement. It is expected that the reduction will be followed by other companies distributing milk here.

This step maintains the reputation of Milwaukee for having the lowest milk price of any large city in the country and follows a reduction of one cent in the price of milk, Oct. 15. Minneapolis, the city nearest Milwaukee in the retail price of milk, pays 14 cents a quart. Detroit and St. Louis pay 16 cents, and Chicago has paid the same, although it is understood that a reduction to 15 cents is to go into effect there the end of the month.

"We do not know what the price of milk will be to the farmer after the first of November," said a Griddle official. "That will be fixed at the meeting of the milk producers' association. The fact that Milwaukee people get their milk at a price 3 cents below the prices paid in other cities, is due to the splendidly organized systems of distribution in this city."

Tomah.—The Tomah and La Crosse plants of the Badger knitting mill have closed for another period because of lack of orders for textiles and the fact that the company warehouses are filled with finished garments.

MAKING PLEDGES WITH THE PEOPLE

JOHN J. BLAINE Republican Candidate for Governor. JAMES THOMPSON Independent Candidate for U. S. Senator.

WHERE BLAINE STANDS. Ada James, women suffrage leader, says: Blaine was one of the first public men to come out boldly for women suffrage. His private life and his home life are above reproach. Senator Sabin says: I believe from long acquaintance that Blaine will make a good Governor.

F. M. Wilcox, Industrial Commissioner, says: Blaine is clean, able, fearless—he is the kind of a man you like to be to.

Mrs. William Kittle, ex-president Consumers' League, says: I always found Blaine interested in women and children welfare. J. D. Beck, ex-labor commissioner: Blaine is as clean as a bound's tooth.

John Morris, ex-Lieut. Governor, says: Blaine has always stood fearlessly for progressive principles. John J. Blaine: I have made no secret deal, no secret pledge, and will make none. I shall deal frankly with the people.

THOMPSON AGAINST LEAGUE

Mr. Thompson says: I had rather be right than be regular. Lenroot declared in Congress repeatedly that he was for the League of Nations. He twice voted to put this country into the League. He will do it again. I am against the League with or without reservations. It means conscripting our boys for foreign wars.

Lenroot voted for the Esch-Cummings law. That law taxes every home—it unjustly burdens every woman, every man in the land. The people pay the freight. It is a tax on everything they eat, or wear or use. It was dictated by the money power for the money power. I will vote for its repeal.

If you want a real, red blooded progressive man for Governor vote for John J. Blaine. If you are against the League of Nations and the Esch-Cummings law vote for James Thompson. Find his name in the independent column and make a cross after it.

1,000 Brave Cold to See Samson Perform; Craig Talks on Future Plans

Passing of the horse and the arrival of successful motor farm equipment modernizing agriculture to cope with present demands was put before Rock county farmers during the demonstration by the Bower City Equipment company at the county farm, Thursday and today.

More than 1,000 people braved the biting weather to watch the Samson tractor, trucks and farm machinery put through tests that left the most skeptical satisfied that the day of the motor farm equipment is here. These farmers also heard an outline of what Janesville will produce to give to the world through the Samson. They heard President J. A. Craig outline a production schedule of motor equipment not only to meet the sharp demands of the soils and fields but also equally important plans for the producing of machines by the Samson in this city to assure the rural homes will have the comforts and protection of any city. President Craig's discourse made it clear the Samson problem is not entirely wrapped up in tractors or trucks but also to eliminate the drudgery of the farm household.

Future of Farming.
Combination of these production plans, it was declared, is the solution to keep the nation's vital industry earning—a successful front place. Their success on the market means the assurance that the farm will not succumb to influences robbing the rural districts to fill the industrial

centers making top-heavy the labor distribution. Behind the corn manufacturing statements there was a clear intimation that the future Samson is going to do in Janesville. The manufacture of the thrashing machine, farm home power plants, the pleasure automobile and truck was mentioned for Wisconsin. According to President Craig the interest of the Samson, while world-wide, is first to meet the demands in the district near the point of manufacture.

"The immediate job of the Samson is farm power equipment," stated Mr. Craig. "Then the producing of machines to give household comforts in the farm. We hope to bring to every farm electric lights, running water and heat."

Motorize the Farm.
"We pass fast in improvement. Yesterday we doubted the automobile. Today you wouldn't do without autos. Right now the tractor is the big issue in the farm problem. The success of the automobile will be likewise the success of the tractor. Unless the tractor and farm tractor would replace horse power to the minimum I would consider it poor business to obtain a heavy production schedule for our district. I am convinced that replacement of horses on the farm with motor power is going to be the success of the Samson. We would have to close our doors were this not true. It is reasonable to motorize a farm. It

saves time, money and labor. "When the 'Sunnyside' plant is on the market we are going to give the farm home light and power to help the overworked housewife wash and sweep. These machines are going to be as essential as the farm tools."

Details of operating a farm without horses as carried on at "Craig's farm" were explained by the Samson president. There are only five farms in the United States, according to the speaker, that have attempted it and have been successful. The money saving as detailed is considerable. The main result is to be able to accomplish farm work quickly and effectively when minutes are vital to farm success.

Glusko Speaks.
County Agent R. T. Glusko emphasized the cardinal points in the prospective purchase of a tractor as being size and power as adapted to the demands of the farm; the reliability of the company marketing the tractor; the ability to give quick and effective service; and the price paid as compared to the returns. The county agent declared that a small tractor with the ability to pull three bottom in stubble and two plows in sod is in favor. It was contended that 50 acres is about as small a farm on which a tractor can be profitably used.

W. C. Hustling, of the Samson, Mayor T. H. Welsh and Phillip Deheny also spoke during the meeting held in the tent.

Tractors Show Well.
The demonstration was what pleased the farmers. They watched the Samson Model "M" pull two plows through a June grass sod field which had not been turned in 15 years. The conditions of the plowing were decidedly unfavorable to the tractor and plows. The sod was dry and closely packed yet the tractor pulled the gang plow evenly without

a falter, plowing perfectly a narrow bed six and seven inches. Those skeptical were convinced that tractor power by the Model "M" means even plowing, not having to hit the plow moldboards an inch when the going is tough. They watched the plow go down into the dry soil deeper by several inches than horse power could bring up rich virgin earth.

The speed of plowing was between 3 1/2 and 4 miles per hour, and not once did the furrow depth reach less than six inches. Satisfaction was expressed when the farmers saw the tractor and Janesville plow roll the sod over evenly and without a break.

Boy Drives Tractor.
During the demonstration Stewart Cullen, age 11 years, took the wheel and plowed as good as the dealer's representative. With the plowing there was a test of discing, the Samson pulling a double disc preparing the plowed ground for seed bed.

The hardest test was the operation of the snail-like roller. A used Samson was affording belt power for the cutter blowing dry corn up a 3 1/2 inch pipe 42 feet in height, without balling. One other tractor was used on a feed grinding machine. In connection with the field work there were Samson trucks with extension rims running over the soft fields. Every important phase of farm work from the plowing to the hauling of the grain to market by motor power was shown. "This demonstration goes a long way to show where results can be obtained by speed," said County Agent Glusko. "At a time when a farmer wants quick action, work in a day to save off crop disaster from weather conditions, the answer is a tractor. Right there is the solution through a tractor to farm labor. A tractor should equal the work of three men and replace four to six horses."

It is significant that among the hundreds of vehicles bringing the

farmers and their wives there was just one horse drawn outfit on the grounds Thursday.

FOOTVILLE

(By Gazette Correspondent.)

Footville—Eugene Clark and family motored here from near Broadhead and were Sunday visitors at the home of Mr. and Mrs. Berryman. Mrs. Kate Daniels of Iowa, Mrs. Borkenhagen and daughter, Luella, Mrs. Rahnheimer and Mrs. Seibel, all of Plymouth, were guests of Mr. and Mrs. Chipman one day last week.

A meeting of the farm Bureau has been called by the president, Mr. Samson, to be held in Center town hall, Thursday evening, Oct. 28. Miss Anna Bailey was entertained at dinner Sunday at the home of Mr. and Mrs. J. H. Nantjes and the afternoon accompanied a number of friends in an auto trip to Janesville. The quarantine has been lifted from the Walter Boyer home. The house was fumigated Monday, and Tuesday Miss Neva returned to resume her work in the bank at Janesville. A baby girl was welcomed to the home of Mr. and Mrs. Marshall, living west of town. Peres Deocuche, reached town Monday for a short visit with Mr. and Mrs. Deocuche. Nymman motored here from Juda and spent Sunday with the latter's parents, Mr. and Mrs. Berryman. Mr. and Mrs. J. H. Nantjes, Mr. and Mrs. Rahnheimer and Mrs. Seibel, all of Plymouth, were guests of Mr. and Mrs. Chipman one day last week. Mr. and Mrs. Chipman returned today after an absence of two weeks, during which time he attended the international convention of the Christian church in St. Louis. Mr. Heale, Monroe, is the guest of his daughter, Mrs. Laverne Henn.

LIMA

(By Gazette Correspondent.)

Lima—Mrs. Henry Spence and daughter, Lillian, were week-end visitors in Janesville. Mrs. Spence and family, Illinois, spent Sunday with relatives here. Mrs. Ora Osborn and Mrs. Pledge Cary, Milton, spent Saturday with Mrs. O. A. Hoot. The improvement club meets with Mrs. Fay Aldrich Thursday afternoon. Miss Evelyn Shenkel, who is teaching in Richmond, gave a box social Friday evening which brought in \$34. Miss Gertrude Pionke, the primary teacher, was on the sick list last week. Mr. and Mrs. Frank Henderson, Milwaukee, and Mrs. C. J. Ryker, Whitewater, were recent guests at the P. W. Persons home. Mrs. C. J. Collins and daughters and three grandchildren, east of Whitewater, called on friends here Thursday. The fire and smoke damage done at William Madison's Friday morning was appraised at \$123. N. Freeman received a box of oranges from his son, Frank who resides on an orange grove in California.

In Cross—Falling to find a taller in his home town for an unique elec-

tion wacer, George W. Allen, Prairie du Chien, merchant, advertised in a Janesville newspaper that he would

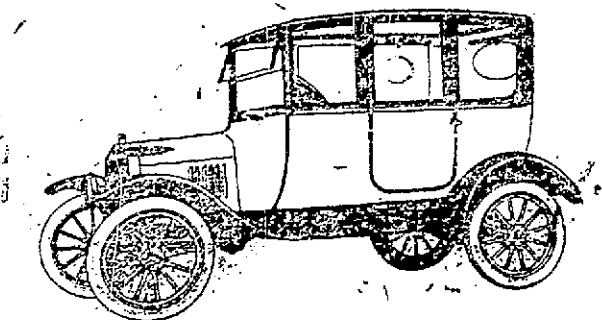

bet an 80 acre farm, worth \$1,200 against \$50 that Harding would be elected president. Dr. Claude Kromer, dentist, of Houston, Minn., offered to take the bet and deposited the money in a Houston bank.

CITY SENDS 88 TO TEACHERS' MEET

Local Delegation to Have Special Coach For Milwaukee Trip.

Probably every one of the 88 grade and high school teachers of Janesville will attend the sixty-seventh annual convention of the Wisconsin Teachers' association to be held in Milwaukee Thursday, Friday and Saturday of next week. Five thousand teachers of the state will attend the convention. This includes teachers of grade schools, rural schools, high schools, principals, superintendents of city and county schools. A special coach will be on the Northwestern to Milwaukee Thursday morning for the accommodation of Janesville teachers. The schools of the city will be dismissed for Thursday and Friday sessions.

John Arundhott, teacher of physics and chemistry, will speak on "Use of Induction Coil" before the physics and chemistry division at the Riverside high school at 1:30 Thursday afternoon.

A. B. West, local teacher of agriculture, is the first speaker on the program at Kibbourn hall Thursday and will deliver a talk on "Benefits of Agriculture Education Over a Period of Years."

To Talk Reorganization. Reorganization of the association on a geographic basis will be one of the chief topics of the convention. A plan has been proposed whereby the different sections of the state will have equal representation, according to the number of teachers, in the legislative of the association and patterned very much after the lower house of congress.

A committee of 100 teachers, principals and superintendents has been appointed to consider this reorganization project and make up a list of names. George Hasford is one of four high school principals on the committee, and Frank Holt is also on the

EDGERTON GIRL WEDS EUREKA MAN

Edgerton.—Miss Florence M. Hurd, daughter of Mrs. John C. Hurd and Frank Wilson Southworth, son of Mr. and Mrs. W. E. Southworth, Eureka, Wis., were united in marriage at the country home of the bride Thursday, Oct. 28, at 4:30 in the afternoon. The Rev. Atkins of the Congregational church officiated. To the strains of the Mendelssohn wedding march played by Miss Leona Post, violin, and Miss May Nichols, piano, the bride entered the room on the arm of her brother, Silas Hurd, who gave the bride in marriage. The bride was attended by her sister, Miss Wilma E. Hurd, and the groom by Dr. H. A. Ray of Chicago. The bride's gown was an exquisite creation of silk voile, embroidered with velvet, sequins and trimmings with pearls and silver ribbon. The veil was fastened by a wreath of pearls and orange blossoms, and she carried a shower bouquet. The home was decorated with chrysanthemums and autumn foliage and flowers. At 5:30 o'clock a wedding supper was served at tables presided over by five girl friends of the bride. There were 60 invited guests.

The bride is a graduate of the Edgerton high school and of the Peoria college with the class of 1916. The groom is a dentist, member of the first of Myers & Southworth, Peoria, and is a graduate of the Northwestern university. He entered the naval service the day before the late war was declared and served throughout the period as a lieutenant in the supply service on the transport Kronland, carrying troops to France.

Among the guests were Mrs. Sarah Seofield, Miss Elma Seofield, Miss Frances Ingie, Mr. and Mrs. M. G. committes, being one of the five superintendents appointed.

The nuptial session will be held in the auditorium. There will be prominent educational experts from all over the country present to address the association.

Shurtlet and the Misses Edna and Leah Proctor, of Janesville. Dr. and Mrs. Southworth will be absent on a motor tour during the next two weeks, and will be at home to their friends after the middle of November.

Persons. Mrs. Morrison left Thursday for points in Pennsylvania, to be absent for several weeks. The Misses Mollie Harrison and Louise Jensen visited the past week with Mrs. Alfred Skau, Stoughton. Owing to the absence of Prof. Holt the reception planned to be held at the high school Wednesday evening for the public school teachers, was indefinitely postponed.

Mr. and Mrs. Leslie Hall left Thursday for a visit with friends in Princeton, Ill.

Gregory Christianson, Stoughton, visited friends in the city Wednesday evening.

Mrs. James Conway entertained the luncheon club Thursday.

A large delegation from here was in attendance at the W. R. C. district convention held in Milton Junction, Thursday.

Mrs. Harry Ash has returned from a week's visit in Milwaukee.

Mrs. Elizabeth Thompson transacted business in Madison, Thursday.

Mrs. Roy Parnian and Mrs. Fred Young entertained a company of ladies at Mrs. Parnian's home Thursday. A one o'clock luncheon was served and bridge played.

Miss Pearl Watson entertained a large circle of friends at a Halloween party last evening. Costumes were worn and suitable decorations in the rooms used for the occasion.

Mrs. Frank Holt, Janesville, attended the luncheon Thursday at the home of Mrs. Roy Parnian.

Linenmen are busy stringing the wire for the new Western Union telegraph office which will be located in the new Bialto theater building. The location is central. Since the economy wave struck the railroad only two operators are employed by them and no service given after 10 p. m.

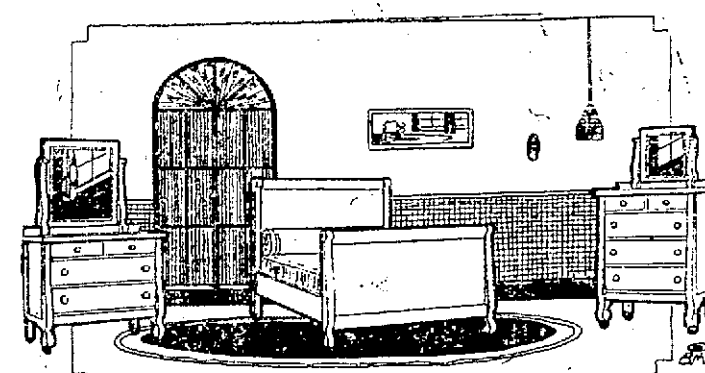

The national color never fades. It is not even dipped to the President of the United States nor to crowned heads of Europe.

More Reasons Why Most People Buy Furniture at Leath's

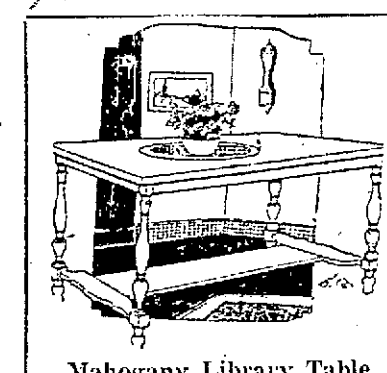

LADY OPPORTUNITY favors those who call on her—many feel they would like to refurnish their homes—you never know the real opportunity the Leath stores offer until you visit us. There are many other distinctions at Leath's that only a million dollar organization of 12 stores can offer. We love good furniture. A. LEATH.

We deliver the goods—exactly as advertised—highest quality at lower prices. That's why our business continues to grow month after month. What we claim in our ads—we do, and even a little more than we promise. Our twelve-store buying power means more to you right now than ever. You are sure of getting the most for your money—we cut prices to the limit as soon as wholesale prices were reduced. Business is very good with us—people are buying heavily here because they are getting superior values. Most young couples buy their home outfit at Leath's—our credit plan helps them.
